Techniques for unlocking cash traps: where to look for direct tax, indirect tax and customs duty savings

The COVID-19 pandemic has shown more than ever that a positive cash flow is key to the survival of a business. Fiscal policies have taken a focal point in every government's pandemic response and often burden the cash flow of taxpayers. How should business executives align their strategies to manage risks and unlock cash traps? Are there techniques to manage cash flows in a tax-efficient way?

This webinar led by experts of WTS Global and our network firms in Asia Pacific will provide insights on regulatory developments in the region and practical examples on how to plan cash flows, generate tax
